

Our Goals & Philosophy

We...

ASSIST your child in developing a positive self-concept

DEVELOP number awareness through sorting, counting, and manipulating objects

EXPOSE your child to a large variety of books, and writing experiences to develop early literary skills

STIMULATE your child to utilize reasoning and problem solving

ENABLE your child to express him/herself through a variety of artistic media

PROVIDE the tools to appreciate cultural diversity through Spanish classes and holiday celebration

Philosophy

We believe that each child is a unique gift created by God. It is our job as educators to work closely with parents to assist each child in their educational development. The experiences that a child has in the first years of their lives are important in the child's growth and development. Our curriculum is designed to meet the needs of the whole child, complete with activities and experiences incorporated to enhance each child's spiritual, cognitive, language, social and physical development.

Goals

1. Assist parents in the education of their children
2. Help the child develop as a whole person: spiritually, socially, emotionally, intellectually and physically in a Christ-centered environment
3. Provide a positive, safe and secure learning environment that will encourage the child's growth
4. Develop a positive self-concept
5. Promote respect for self and others
6. Gain independence by providing opportunities to make choices
7. Use all senses in learning
8. Experience learning in a hands-on environment in both quiet and active play
9. Learn responsibility for one's actions
10. Establish and develop friendships
